Enough is enough!

Get off the back of MSFT and get back protecting the country. This whole suit was a pathetic attempt by the liberal, intrusive, Clinton-ites to stifle business and free markets. MSFT is NOT a monopoly, has NOT hurt consumers, and HAS wasted enough \$\$ (along with the DOJ wasting enough of MY tax dollars). If you dont like MSFT products, dont use them!! There really are other alternatives!!

MY DEMANDS AS A US CITIZEN AND TAX PAYER: PLEASE END THIS NONSENSE NOW!!!
